Dear Sir,

REQUEST FOR PERMISSION TO REMAIN IN SCHOOL

I am writing to request for permission to remain at school despite the semester coming to a close on the 1st of September. I would like to remain at my current hall of residence for the period of a week and a day (2nd of September - 10th of September) pending the time of resumption. The reason for this request is stated below.

Due to the distance between ogun state and Abuja and the short period at which we will be at home, my parents would be unable to cope with the expenses of the flight tickets also transportation by road may place my life in jeopardy due to increased kidnappings and occurrences associated with long distance road travel, this being said there is no viable option over such a long distance for me at this time.

In conclusion I am unable to attain a temporary place to stay in Lagos state or Ogun state during this period, hence I am left with no other option but to kindly and faithfully make this request Thank you.

Yours faithfully,
Tolulope Fakoya.
